Maintenance Tips

SPARE KEY

Make yourself a spare key and give it to a relative or hide it somewhere for emergencies or if you lock yourself out of your apartment.

FIREPLACES

It is almost time to start building a fire again in your fireplace. Please always remember to make sure the damper is open before lighting a fire and then close the screen. If you bring wood into your apartment do not store too close to the fireplace.

CHECK YOUR HEAT

Don't forget to check your heat if you haven't already done so. If there is a problem please call the office for repair.

LOUD MUSIC & NOISE

As it gets colder outside we tend to spend more time inside our apartments. Please remember the base on your stereo and TV travels! Let's try to be a little more considerate of our neighbors and keep the noise down...
